NORTH WILMINGTON, MASS. JUNE 18, 1959

PRICE 10 CENTS

TWO GRAVEL PITS TURNED DOWN

SURPRISES AT GRAVEL HEARING BEFORE BOARD OF APPEALS

Surprises was the order of the evening last Thursday, at the Board of Appeals, as Atty. Richard Sheppard presented arguments for three additional gravel pits, two off Concord Street, and one off West St.

Ernest Eames, owner of two acres of land, testified that he had not applied for a gravel permit.

Sheppard withdrew the application for Eames' permit.

Atty Edward McDuffy told the Appeal Board that his clients, Mr and Mrs George Dunn of Wakefield, had not applied for a permit on their land.

The Appeal Board continued the case until June 23rd.

In the third application, for a pit on Mastermarino land off West Street, (in which Mr. Campanelli and the Selectmen had had a meeting of the minds just three days previously) the appeal was unanimously rejected, by the Appeal Board.

The highlight of the evening was two separate speeches by Ex Town Manager Joseph Courtney.

The Eames Pit

Scheduled to be called at 8:30, the hearing did not start until 8:40. Sheppard, who had appeared at the door of the Town Hall briefly, had beckoned to Eames, who went out for a brief conference.

Sheppard, after the hearing started, announced that his client was withdrawing the petition, which was for a temporary permit to remove earth products.

Put before the chairman, Walter L. Hale Jr. could declare the hearing closed Ernest Eames spoke up to ask that it be put in record that he had

not applied for the hearing, (which was listed in his name) and that the first he knew of it was when he had read it in the Town Crier.

Sheppard, likewise, then spoke up for the record, saying that 'A deposit has been made on the Eames property'.

(Not brought out was the fact that Eames had agreed to sell the land in question to Steve Hathaway, operator of the gravel pit off Route 62) Ed.

Sheppard, as in previous cases, had photographs of the Baldwin pit and adjacent territory, to which he had added photos of the Ruggerio pit and adjacent territory. He used the photographs to show the fine cleanup work of his client, and contrasted it with the photos of adjacent pits.

McDuffy, using the same photographs, stated that "This is a graphic illustration of why the people of Wilmington insist on bonds and regulations for gravel pit operators."

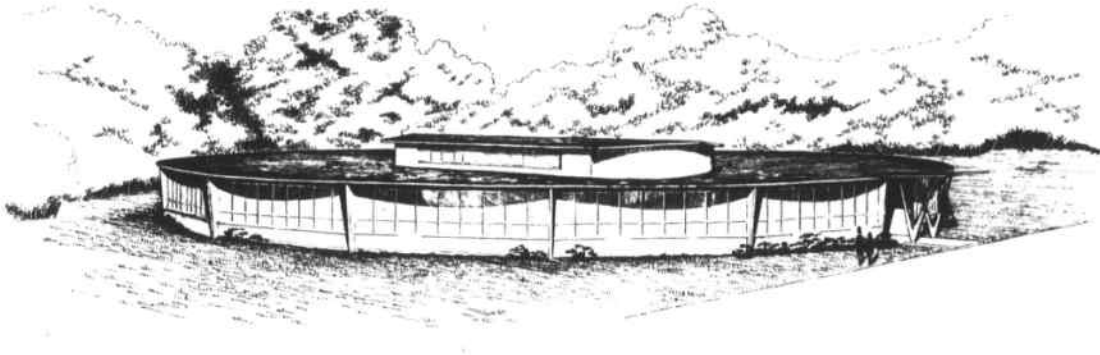

Sheppard, in his talk, also told the Board of Appeals that there were about \$700,000 invested in the power shovels and other equipment.

The cost of building the road he told the Appeal Board is borne by the taxpayer. Every additional mile that the gravel has to be hauled means more expense. It was for this reason, he told the Board, that the contractors were seeking the pits near their work.

The Dunn Pit

Atty McDuffy told the board that his clients, Mr and Mrs George Dunn had never requested a hearing for gravel removal.

'From the beginning this (cont Pg 7)

SKETCH OF THE PROPOSED SCHOOL

An architect's drawing of the proposed school, on Boutwell Street, to be voted in the Town Meeting, next Monday. The school is planned to cost under \$400,000.

STOP & SHOP OFFICIALS TO TALK WITH CITIZEN'S URBAN RENEWAL COMMITTEE

The first meeting of the newly appointed Citizen's Participation Committee on Urban Renewal will hear Howard Calish, Stop & Shop Stores Development Official explain the plans of his company, in Wilmington.

Scheduled to be held in the Small Cafeteria, in the High School, the committee has been jointly appointed by the Town Manager, Fred Calabrese, and Jim Franklin, Urban Renewal Director, and is being asked to study the Urban Renewal proposals from a citizen's standpoint.

The meeting is scheduled for the evening of June 23rd.

Named to the committee are:

Frederick Arsenault, Del Dr. (Acting Chmn); Mathias B. Bedell, 27 Chestnut Street; Frank Bishop, 96 Chestnut St; Paul Podenstein, 372 Woburn St; Clifford Braman, Fairmeadow Road; Mrs William Burns, 8 Grove Ave; Harold Chase, Marcus Road; Mrs Robert Clark, 99 Church St; John Collins, 616 Woburn St; Mrs Joseph Courtney, Ledgewood Road; Rev. Edmund Croke, St. Thomas; John Elia Jr., 310 Lowell St.

Roy Evans, 705 Woburn St; Dan Gillis, Swain Road West; John Gould, Oakridge Circle; Ralph Green, 514 Woburn St; Richard Gustafson, Oakridge Circle; Parker Hodgson, 7 Harris St; Nelson H. Huntley, Columbia St; Mrs Alfred Kasabuski, 5 Laite Road; Bruce MacDonald, Chestnut Street; Frank McCue, 11 Lawrence Court; Charles McInnis, Gunderson Road; Guy Nichols, 187 Middlesex Ave; Carl Oberg Sr., Strout Ave; Mrs

Alanson Platt, Sheridan Road; Robert Ramsdell, Geln Road; Charles Rowe, Gunderson Road; Mrs. Charles Rowe, Gunderson Road; Roy Serrentino, Lawrence St; Mrs. Joseph Slater, Grove Ave; Mrs Frank Stevens, 16 Federal St; and Rufus Stevens, Glendale Circle.

CLASS OF 1949 REUNION LAST SATURDAY

62 members of the Class of 1949, Wilmington High School, held their 10th anniversary reunion, at the Colonial Country Club, in Lynnfield, last Saturday. Class President Arthur Spear presided.

An invocation and silent prayer for Robert Pipes, killed in Korea, was led by William Chisholm, Class Treasurer.

Invited guests included Mr and Mrs. Stanley Webber, Miss Louise De Lisle, and Mrs. Whelmina De Lisle.

The 'Class Prophecy' was read by Lorraine Manson Allen, and the Class History, 'A Decade Later' by William Chisholm.

Attending the reunion from other places than Wilmington were:

Jean Babine Higgins, Dorchester; Paul Perrigan, No. Chelmsford; Donald Blake, Andover; William Chisholm, Tariffville, Conn; Robert Drew, Middleboro; Howard Flynn, Plymouth; Nancy Fullford MacKenzie, Malden; Catherine Martino Park, Andover; Kenneth Neagle, Hopewell, Va; Eileen Nelson Duffy, Reading; June Newhouse Hillis, Pinehurst; Richard Palmer, Woburn; Helen Rothwell, Dorchester; Robert Smith, Tewksbury; Hobart Spring, Cambridge; Alice Wagstaff Day, Tewksbury; Mary Welling Thiel, Woburn; and Joyce York Blake, Andover.

Residents of Wilmington, members of the class, who attended included:

Rosa Amaro Sadowski, Barbara Bertwell Buck, Margaret Pourassa Hickey, Jean Boyd Nichols, Fred D Cain, Paul Carpenter, Raymond Carter, Virginia Colucci Salera, Frank Darling, Marie Dec Eaton, Laura Ferguson Farron, Lorraine Manson Allen, Helen Peitzsch Darling, Charles Riddle, Robert Ritchie, Edward Sadowski, Arthur Spear, and David Sullivan.

OLD AGE HOUSING TO BE DEDICATED JUNE 27TH

The Housing for the Aged project, off Burlington Avenue, is to be dedicated on June 27 with appropriate ceremonies starting at 4 pm.

Open House for the 40 unit Dwelling will be from 2 pm to 4 pm.

Located on Deming Way, and costing somewhere between \$500,000 and \$600,000, the project is constructed of brick, and includes a large Recreation Hall and Community Center, equipped with a stone fireplace.

State, County and Town officials have been invited to the ceremonies, in addition to the general public.

AUXILIARY POLICE TO HAVE "MAN HUNT" SATURDAY A.M.

The Auxiliary Police, Civil Defense Corps, will conduct a search for a 'lost' man, Saturday morning, in Wilmington. Using Walkie-Talkies, and maps, they will search out a missing person whose location will be known only to those in charge of the training session. They are to meet in front of the Town Hall at 7:45 am and the search will begin at 8 am.

D.P.U. APPEAL DELAYED

The appeal of the Town of Wilmington to the Massachusetts Supreme Court will probably not be heard until early fall.

Justice Cutler, sitting in single session, last Friday, in Boston, refused to grant an injunction against the decision of the Department of Public Utilities, and referred the town's appeal to a full bench of the court.

LITTLE LEAGUE AUXILIARY CAKE SALE

The Little League Auxiliary will hold a cake sale, in front of Stevens' Market, Saturday, from 10 to 12 a.m.

CHANGE OF DATE IMMUNIZATION CLINIC

The next regular immunization clinic, for whooping cough, diphtheria, and tetanus, will be held on Thursday, June 25th at the American Legion Hall at 9:30 am.

THE STABILIZING INFLUENCE

We fear that our Board of Selectmen has lost the services of "the Stabilizing Influence", Mr. Charles H. Black, veteran member of the board, is ill, and while he may return to the board at the present time it is doubtful, at least in our mind.

It is Mr. Black, more than any other Selectman, who, during the years, has kept the Board of Selectmen on a level course. Softspoken, not at all aggressive, he has been a pillar of hard-headed common sense, the man who would see the flaw in proposals by other members of the board and who would, in a very kindly way, remove that flaw.

We hope to see him return to the Board. We can only keep our fingers crossed.

ONE AND ONE HALF HOURS

No one can predict, exactly, the course of a Town Meeting. It is a creature unto itself, and while it generally acts with common sense, it has the power to go in any direction which it chooses. With that for a background thought we are going to predict that our Town Meeting of next Monday evening can be completed in one and one half hours.

Basically there are eight propositions before the town, even though there are eleven articles in the Warrant, Articles 6, 7, 8 and 9 are requests to amend the Building By-Law, to update it, so as to speak, and can be disposed of briefly by reporting that they are part of the code that is now being prepared by the Building By-Law Committee, in a report to be ready before next spring.

Article 1 is to sell the town's rights in a strip of land 250 feet long and about two miles long, in South Wilmington, to the Boston Edison Company. The Boston Edison is to erect an electric transmission line across the town. The route agreed upon is a compromise, made with our Selectmen, so that our better-value land has been excluded. There are many questions as to title of some of the property, which was a sub-division back in the 1880's, and constitutes a lot of headaches for the Assessors, with a dubious history of broken title chains, etc.

Reportedly the Boston Edison Company is offering \$2500 for the town's rights to some of these old lots of land, an offer of which the Town Counsel is supposed to have agreed is worth while.

The Edison Company has the right to take land by eminent domain. They seek, instead, to come to an amicable agreement, first.

Article 2 is to re-inforce the new "Gravel Law" recently signed by the Governor, by making it a part of the Town's By-Laws. This is at the request of the Town Counsel, although the Selectmen are named as the sponsoring body.

There are good opinions, in a legal sense, which say that the Gravel Law is unconstitutional. One of the legal lights who has said this is Atty. Richard Sheppard, who is conceded to be an expert in the field of this type of law.

We cannot, in our limited capacity, comment on this. Mr. Buzzell thinks the passage of this by-law will strengthen the town's position.

Article 3 might be called a "pulse feeler". The Selectmen want to know how the town feels with regard to the recent actions of the Department of Public Utilities, and the B&M RR.

Article 4 asks that the land across Main St. from the new DeMoulas store be zoned for Gene-

SUSIE'S

SONNETS

FOOD FOR THOUGHT

Blessings on you, little lamb,
Frolicing with leaps and hops;
Gambol gaily while you can,
For too soon you will be chops.

ral Business. The idea is to prevent a boiler factory or something like it, from being erected across the street from a shopping center.

Article 5 was in essence turned down, in our Annual Town Meeting. We thought it was wrong to turn it down. It is now back before the town, enlarged in scope to include a gas station, so that all of the property in the particular region is included.

In our belief it was a mistake, in the first place, to zone this land as residential. No one can live on it. It is only good for business, and it is only being used for business. The Planning Board, last spring, while sympathetic, thought it should be Neighborhood Business, instead of General Business, a proposal that to us has little merit. The adjoining zone in General Business. To make this Neighborhood Business would be, in essence, spot zoning.

Articles 6, 7, 8 & 9, as we said, constitute an up-grading of the Building Laws. We think the town should agree. One question has been raised, on Article 7, that it would constitute a hardship in a case where someone is putting in a cellar floor. The question may be valid, and should be clarified, in the Town Meeting.

Article 10 is for a new school, off Boutwell Street. It is the purpose of the Meeting. A new school is needed for September of 1960, and action must be started at once, or we will again have double sessions.

The site was picked after a very careful study, with the idea of reducing bus transportation to the minimum, and thus saving tax dollars, over a period of years. While it might, to some people seem an isolated place, inspection of a map will show that it is only a short distance from populated areas (eg Kelly Hill) which can be reached by woodland paths a quarter of a mile or so long.

We presume that the Permanent Building Committee will present plans for the so-called Circular School, which are now property of the Town, and for which little or no architectural fees will be charged - although there will be we believe, the usual fees for the superintending of operations.

We presume too, that the cost will be under \$400,000 for a 12 room school. That is the figure that the Permanent Building Committee intends to ask for.

The entire cost of the school is to be by bonding. No direct appropriation is to be asked for, in the Town Meeting.

Article 11 asks for authority to transfer money from one account to another, in the Water Department, for the purpose of developing additional well fields. We presume that the well field will be off Chestnut Street, where the Water Department has been doing some exploratory work, for the past year.

\$51,603.81 was "left over" after we had finished constructing the new Water Tower, off Hillside Way. The Water Department was very fortunate, in prices bid, which were very low because of a temporary lack of activity in that particular business. It is this money that they seek to have transferred.

Approval will have to be had, as well, from the State Legislature. There is a bill now before the House, (House 2928) asking for this approval. No difficulties are expected, but if there is no approval the article cannot be voted.

It might be that the approval will not have been forthcoming before the Town Meeting is called, in which case it is expected that an adjournment will be asked, for one week. Then, after the Governor has signed the bill the Town Meeting will reconvene, and the money voted (if a quorum is present).

THE NET RESULT WAS GOOD

The Selectmen's Meeting, several weeks ago, was upset by an appearance of the Fire Chief and a salesman for the Minneapolis-Honeywell firm. They were objecting to the sale of some fire-detection apparatus, made by Minneapolis-Honeywell, for our schools, apparatus which

TOWN NOTES

Blanket Weather

Temperatures in the 40s and 50s, in the middle of June! Rain, and more rain! And all because the radio forecasters predicted showers!

When a radio forecaster predicts showers, duck! It's just like the 'light snow flurries' they give in winter time, just before the blizzard hits.

So far we have had 3 3/4 inches of rain, during the month of June. We had 1.72 inches from June 12 to June 14th.

Golden Pea Spoon

The time of the year has arrived when we cast a speculative eye around, to see if garden peas are ready for the eating. Every year, as most of our readers know, we award a wholly mythical 'Golden Pea Spoon' to the first gardener, (non-professional) who is able to have peas from his garden for the family dinner.

So far Eddie Hogan, of 254 Glen Road is our earliest claimant. Eddie had peas for dinner, last Sunday, June 14th. Any earlier claimants?

Train Service

The Boston & Maine trains that are going up the Wildcat approach the Main Street crossing with plenty of caution, or at least they have done so to this point. The engineers are very very cautious and we are told that the speed on the Wildcat is held down to something like a walk, insofar as the passenger trains are concerned.

But the B&M is still up to its scientific experiments, in trying to see how many sardines they can get in a car.

Monday's am train in which the passengers have to change in Wilmington had passengers who had been standing ever since Haverhill. They were quite indignant when they were told that they had to get out and take another train, at Wilmington (first time since July 3, 1845 that passengers had to change in Wilmington).

When they got into the Lowell train for Boston, they found that Lowell passengers had been standing ever since leaving that fair city.

One of the riders from North Wilmington was quite upset about it, but he didn't get around to calling the Department of Public Utilities until that afternoon.

The girl who answered the telephone told him that he was the only passenger who had complained.

Which perhaps proves that the sardines like it.

No Traffic

We had a visitor last weekend - Edward A. Brown, of Reading. He called on us while he was taking a last look at the No. Wilmington tracks of the B&M.

Mr. Brown's grandfather, Edward Appleton, was one of the surveyors who worked on the laying out of the B&M tracks from Wilmington Junction to Boston, back in 1845, and he himself is quite a railroad enthusiast. He remembered Warren Carter, once upon a time the Station Agent at North Wilmington, and he was an office boy, in the B&M, back before the Spanish-American War.

Another interesting item: He studied English, in Reading High School, under the tutelage of 'Stubby' Barrows, our own Herbert C. Barrows, Chairman of the Finance Committee, and Wilmington's Senior Citizen.

But to get back to the story. No trains are running now, passenger trains that is, on the so-called Main Track, through North Wilmington. Only a couple of freight trains use the track now.

The first train ran on July 4, 1845, and the last train on June 13, 1959.

Largemouth at Welch's

The unbelievable, in fishing has happened. Large mouth bass are being caught at Welch's, which is the point where Martin's Brook goes under Salem St. It has never happened before.

cost a few hundred dollars per school, and were intended to supplement the alarm-boxes being installed in every school.

The salesman had a superior detection apparatus, which he and the Chief thought should be installed. It cost a considerably larger sum of money.

The meeting was very confused, but the net result is that Minneapolis-Honeywell is going to install the commercial set (advocated by the Chief) instead of the "home" set, and at no additional cost to the town.

SCHOOL'S OUT

Youngsters of the Brookside Kindergarten, their cares and studies of the past season now a thing of the past, cavort on graduation day. VI

Town Notes (fr Pg 2)

Rumor

Rumors are noted for being unreliable, but here is one that is worth repeating - understanding of course, that it is only a rumor.

A story that seems to have a good foundation states that the reason why one of the owners of the proposed gravel pits changed his mind, and didn't want to sell to Campa-nelli & Cardi was because he had received a bigger offer.

A prominent "gravel merchant" who has been doing business in and around Wilmington for many years is named as the new purchaser.

Urban Renewal

Indicative of the thinking of the Victor Gruen Associates, planners for the Housing Authority, for Urban Renewal, is a map that they have recently completed (but which has not been accepted, as yet, by the WHA).

The map includes territory in Wilmington Square only as far as Rotary Park, for the shopping center.

Main Street is shown as being relocated next to the railroad tracks.

Rotary Park is shown as 'Residential(?)'.

Only two buildings, now in Wilmington Square, remain on the map - the Middlesex County Bank and Weinberg's.

FLAGSTONE

AWARDED DEGREE AT TUFTS

Benrimo
Robert E. Carlton, Foutwell Street, was awarded a Bachelor of Science degree in Civil Engineering from the College of Engineering at Tufts University, at the 103 Commencement Exercises.

Formerly of Somerville, he is a graduate of Somerville High School, where he was the Editor of the "Radiator", school magazine. At Tufts, during his senior year, he was an Off-Hill representative to the Tufts Student Council.

He is the son of Mr and Mrs Leslie H. Carlton of Furlington.

ST THOMAS AUCTION

St. Thomas parishioners and friends are reminded that when they do their "Spring cleaning" to put aside any articles they no longer desire for the Auction on July 25th. The committee in charge of this part of the Field Day and Bazaar (July 21-25) are anxious to be "swamped".

Some people still have children's furniture, toys, etc., although their children are all grown up. Others have replaced with more modern furniture and gadgets, but have put the former things either in cellars, attics or garages. Odds and ends of household equipment, put aside, only deteriorate and gather dust.

The committee are very willing to accommodate anyone by picking up anything. Call Mr Earl Adams, OL 8-8506 or Al Quandt, OL 8-2442.

While the adults are enjoying the auction, July 25, the children may enjoy the amusements and booths at the carnival on the Rectory grounds.

WARRANT FOR NEXT MONDAY'S TOWN MEETING

GREETINGS: In the name of the Commonwealth of Massachusetts and in the manner prescribed in the By-Laws of said Town, you are hereby directed to notify and warn the inhabitants of the Town qualified by law to vote in the inhabitants to meet and assemble at the Herbert C Parrows Auditorium, Church Street on Monday, the Twenty-Second Day of June next at 8:00 p.m., to consider and act on the following Articles-

ARTICLE 1. To see if the Town will vote to sell to the Poston Edison Company all the Town's right, title and interest which it may have acquired by tax titles, by deeds under affidavits of low values, or otherwise, in and to a strip or parcel of land two hundred fifty (250) feet in width, located in said Town of Wilmington bounded and described as follows:

A strip or parcel of land two hundred fifty (250) feet in width and bounded northwesterly and southwestly by land of said Boston Edison Company, formerly of Millard C. Pipes and Ruby H. Pipes and George B. Richardson. Said strip or parcel of land extends from said Poston Edison Company's land in an easterly and southeasterly direction, crossing Ancient Main Street (now abandoned), Old Main Street and Main Street, to the Wilmington and Woburn town line, as shown on a plan showing the bounded center line of Boston Edison Company's two hundred fifty (250) foot Right of Way, entitled "Plan of Land in Wilmington", dated March 12 1959, to be recorded with Middlesex North District Deeds.

determine the price to be paid therefor, and authorize the Selectmen to sign, seal, acknowledge and deliver, in the name and on behalf of the Town any and all deeds or other instruments which may be necessary in order to consummate such sale, or do anything in relation thereto. Request of the Board of Selectmen.

ARTICLE 2. To see if the Town will vote to amend Section VII-1 of its Zoning By-Laws by striking out the first sentence thereof and inserting in place thereof the following:

"No soil, loam, sand or gravel shall be removed from any parcel of land not in public use even though such land was being used for such purposes at the time of the adoption of this provision"

or do anything in relation thereto. On request of the Board of Selectmen.

ARTICLE 3. To see if the Town will vote to ratify the actions heretofore taken by its Selectmen, Town Counsel, and Town Manager in opposing before the Department of Public Utilities the petition of the Poston and Maine Railroad for the discontinuance of all passenger service at the North Wilmington station, the re-routing of passenger trains serving points on the western division north of North Wilmington over the New Hampshire division to Wilmington and thence over the so-called "Wildcat" line to Wilmington Junction; the discontinuance of all passenger train service between Woburn and Wilmington, and other changes in service affecting the interests of the town and its inhabitants, and in appealing to the Supreme Judicial Court from the order of the Department permitting such changes, and to authorize the further prosecution of such appeal to final judgement, and the taking of any such further or other action as may in the judgement of said officials or any of them be necessary or advisable to protect the interests of the Town and its inhabitants, or do anything in relation thereto. On request of the Board of Selectmen.

ARTICLE 4. To see if the Town will vote to amend the Zoning By-Law and Map by changing from Industrial to General Business District the following described parcel of land: Beginning at the intersection of Main St. and Fridge Lane, thence along Fridge Lane North 35° 33' 58" East 98.00 feet, thence North 74° 24' 04" East 422.15 feet, thence North 53° 55' 05" East 281.36 feet to the Poston & Maine Railroad at Shawsheen Avenue, thence Southwest 92 feet more or less to the center line of Main Street, thence 1,916 feet more or less along Main Street to the point of beginning, or do anything in relation thereto. Request of the Town Manager.

ARTICLE 5. To see if the Town will vote to amend the Zoning By-Laws and Map, by changing from Single Residence A to General Business District, the following sections of land in the southern section of Wilmington bounded by New Main Street for Six Hundred Fifty Two feet (652) and by Old Main Street for Seven Hundred Seventy Four feet (774) approximately 1.9 acres as shown on plan or do anything in relation thereto. On petition of Aubrey Lloyd Laffin and others.

ARTICLE 6. To see if the Town will vote to amend the Building By-Laws, Division 4, Section 2 by adding the word "habitable" immediately following the word "Minimum," or do anything in relation thereto. On request of the Building Inspector.

ARTICLE 7. To see if the Town will vote to amend the Building By-Laws by adding a Section 4 to Division 7, as follows: "In all buildings hereafter constructed, where a concrete floor slab is supported on soil, all sod, roots, stumps, topsoil, and other organic material shall be removed from beneath the slab, replacing it with properly compacted sand and gravel. A vapor barrier consisting of waterproof paper or plastic, shall be placed directly beneath the slab. All such concrete slabs shall be constructed of 2500 psi concrete or better, at least 4 inches in thickness, reinforced with welded wire mesh placed at mid-depth of the slab. Should the outside finish grade exceed 3 feet below the finish floor, the foundation wall, and the slab, it is tied to the wall, shall be designed to resist the lateral earth pressure. Outside finish grade shall, in any case, be at least 12 inches below finish first floor level, in

such buildings,' or do anything in relation thereto. On request of the Building Inspector.

ARTICLE 8. To see if the Town will vote to amend the Building By-Laws by adding a Section 10 to Division 11, as follows: 'Provide 2 - 2x4 continuous plates, furnished in minimum lengths of 8 feet, on the top of all bearing partitions and exterior walls, of stud construction. The joints of all 2x4 members resting on top of the studs shall be staggered. Exterior sheathing, in such walls, shall normally be applied with vertical joints staggered. In case the vertical joints are continuous, however, each joint shall be backed by double 2x4 studs securely nailed or bolted in contact across the joint at 12 inches on center and shall be covered by staggered finish siding,' or do anything in relation thereto. On request of the Building Inspector.

ARTICLE 9. To see if the Town will vote to amend Section 6, of Chapter 6 of the Town's By-Laws by deleting said section and substituting the following in its place:

'Section 6. No roof sign shall be constructed without the approval of the Building Inspector or in any district other than those designated for industrial or general business use. All such signs shall be constructed entirely of metal or other non-combustible material including all braces and supports. In no event shall it project more than ten inches from the face of the wall, nor project above the roof line in the case of a building with a pitched roof, nor more than two inches for each lineal foot of building frontage in the case of a building with a flat roof. In the event of a flat roof each occupant shall be considered separately on the basis of frontage occupied by him. There shall not be more than one such sign for each firm or business occupying a building and the over-all size of such sign or signs shall not exceed in area more than fifteen per cent of the area of the face wall of the building or the size provided for by the Zoning By-Law of the Town, whichever may be the lesser,' or do anything in relation thereto. On request of the Planning Board.

ARTICLE 10. To see if the Town will vote to authorize the Board of Selectmen to purchase or take by eminent domain for the purpose of erecting a public school thereon certain parcels of land off Boutwell Street, described as follows:

Beginning at a drill hole in a stone wall on Boutwell Street one hundred and thirty seven and seventy-four feet from the southeasterly corner of the land now or formerly of Arthur H. Jr., and Louise R. Clarke, thence North 37° 30' 50" East 396.42 feet to a drill hole, thence North 62° 36' 40" East 125.04 feet to a drill hole, thence North 67° 31' 40" East 259.70 feet to an iron pipe, thence North 52° 10' 20" West 169.67 feet to a drill hole, thence North 32° 10' 20" East 150.40 feet to a drill hole, thence North 49° 03' 00" West 543.31 feet to an iron pipe, thence South 39° 04' 10" West 569.30 feet to an iron pipe, thence South 44° 57' 30" East 355.46 feet to an iron pipe thence South 44° 33' 15" West 209.78 feet to a drill hole, thence 250.84 feet along a stone wall to a point of beginning, consisting of three parcels and shown on a plan entitled 'Plan of Land in Wilmington, Mass' dated May 23, 1959, all according to a plan on file in the office of the Town Clerk, and to see if the Town will vote to raise and appropriate a sum of money for acquiring said land off Boutwell Street and for constructing and originally equipping and furnishing thereon an elementary school, determin how the appropriation shall be raised, and to authorize and instruct the Permanent Building Committee to enter into contracts and to do all things that are necessary to constructing, equipping, and furnishing said elementary school, or take any action relative thereto. On request of the Permanent Building Committee

ARTICLE 11. To see if the Town will vote to transfer any portion or the whole of the balance remaining of the loan issued by the Town under the provisions of Clause (4) of Section eight of Chapter forty-four of the General Laws, for the construction of a standpipe off Chestnut Street, and appropriate the same for the purpose of developing additional well fields, including wells, pipes, and original pumping station equipment, or do anything in relation thereto. On request of the Board of Water Commissioners.

Hereof fail not and make due return of this Warrant, or a certified copy thereof with your doings thereon to the Town Clerk, as soon as may be and before said meeting.

Board of Selectmen

'COLOR CONFAB' FOR ELEMENTARY SCHOOLS

The Wilmington Elementary Schools are proud of Susan MacGahan and Albert Cuoco, who were chosen 'Color Queen and King', at the Herbert C. Parrows Auditorium, on June 10th.

The schools, this year, have concentrated on color theory along with their regular art program, with the culmination being in a gathering of all sixth grade pupils, for the purpose of finding the Color Queen and Color King.

The 'Color Confab' was the first of its kind to be held in Wilmington, in fact the first to be heard of, to the best knowledge of the local school authorities. The idea originated with the Art Supervisor, Evelyn R. Anderson.

Each of the sixth grade classes were questioned on hue,

its properties, its mixing, its harmony, and its uses.

16 finalists were chosen. Wildwood School (Joseph Quinn, teacher) Donna Blakeeslee and Keith Gunning.

Swain School (Florence Liston, teacher) Louise Holbrook and Albert Cuoco.

High School Wing: (Mr. Leonard teacher) Joan Craheim and Edward Suprenant; (Helen Roth, teacher) Joanne Baker and Michael Burns; (Louise Moriarty, teacher) Patricia Izzo and Stephen Phillips; (Jane Lyons teacher) Nancy Cole and Paul Bannister; (Irene Roger's teacher) Susan MacGahan and Peter Emery.

After one and one half hours of questions only Miss MacGahan and Albert Cuoco remained. They were presented with gold crowns studded with imitation metallic gems. Prizes were awarded to all sixteen pupils.

LIBRARY NOTES

Which would you have chosen? In Wonders of the World, Leonard Cottrell tells of the 'seven wonders' of the ancient world and then matches them with seven modern wonders - the Empire State Building; the mile-long Golden Gate-Suspension Bridge; Calder Hall in Britain, which was the first commercial station for atomic energy to be built in the world; the Grand Coulee Dam; the underground Snowy River Scheme, an international hydroelectric and irrigation achievement in Australia; Britain's radio-telescope at Jodrell Bank, which is picking up and recording radio-waves a thousand years old; and the Russian earth-satellite, which circled this planet in 105 minutes. All are described in an authentic way in simple and direct language.

In Janine is French, Lloyd Alexander gives a lively account of his utterly feminine, unsophisticated War Bride and her attempts to adjust to life in the United States with his conservative Philadelphia family, her 'fractured' English comments on American history and customs; her excursions in to the fields of dressmaking, barbering mill-hand work and renting to swell their 'back to paris' fund. Good for many chuckles.

Other books of interest are Elizabeth the Great, by Jenkins; My God and My All, the life of St. Francis, by Goudge D-Day by Howarth; The Young Titan, by P. Van Wyck Mason; and Kangaroos in the Kitchen by D'Essen.

The Library is indebted to Mr. Albert Crozier for the gift of Audubon's 'Birds of America' a valuable addition to the collection of bird books. CPC

CONGO MISSIONARY AT THE BAPTIST CHURCH

Mrs. Lewis Brown, veteran American Baptist missionary to the Belgium Congo, Africa, will speak at two services of the First Baptist Church of Wilmington this coming Sunday evening. She will speak first to the combined youth groups at 5:30 p.m. and then at the evening service at 7:30 p.m. Between these meetings, at 6:30 p.m., there will be an informal reception for Mrs. Brown and a time of fellowship at which a buffet supper will be served.

Mr. and Mrs. Brown are both veteran missionaries. They have five children, all of whom are in the Lord's work, and two of which serve with them in the Congo. One of these, Wesley, spoke to the Wilmington Baptists two years ago in the Grange Hall.

The Browns are among the most outstanding missionaries serving under the American Baptist Foreign Mission Society. It was under their ministry that a great wide-sweeping revival broke out in Vanga, Belgium Congo, that has been recognized as one of the greatest movements of the Spirit of God the modern mission fields have ever seen.

The First Baptist Church of Wilmington extends a cordial welcome to the community to come and hear this outstanding servant of the Lord.

Back Row, Asst Coach Gwen Ethier, Donna Burnham, Marie Sullivan, Winnie Mitchell, Judy Walsh, Margaret Sullivan, Carol Crispo & Coach Dick Ethier

FORD LOSES FIRST GAME, BUT STILL ON TOP OF SOFTBALL LEAGUE

Wilmington Ford's mighty bats men flopped, last Thursday, to give their team the first loss of the year, in the Wilmington Soft Ball League.

Faced with the fine pitching of Fred Pellissimo, of the Merri-Macs, the Ford boys could only hit pop flies, which were -- oh so easily, put out.

Fred Pellissimo rubbed a little salt into the wounds of the Thunderbirds by hitting a homer, and Leo O'Connell, his next door neighbor, also playing for the Merrimacs, made a triple and a couple of other hits.

The score, 15 to 5, was a resounding defeat for the Thunderbirds, their first of the year.

Townies Lose

Crafty Sam Ethier's Townies lost 12 to 9, to the Weinbergers, Monday evening. The Townies had a most horrible first inning, as the Weinbergers went right through the roster, for nine runs, and on only four hits! Crafty Sam had better get his boys out on some practice sessions. Junie Fuller was on the mound, but the infielders and the outfielders were the real culprits.

Dick Ethier Sr. took the mound, before that awful inning was over, and held the Weinbergers for five innings scoreless, with his tantalizing blooper-ball - the slowest ball in the league.

The Townies fought back, not quite hopelessly, with one run in the first, two in the third and three in the fourth. The score at the end of five was nine to six.

In the sixth, with two men on the Weinberger's scored three more runs, when a ball bounced over 2b Dick Harrington's head for a base hit.

The Townies, in the last of the sixth, clawed back again, when Dave Newhouse made his

second homer of the year, with two men on, making the score 12 to 9.

The Townies threatened again in the last of the seventh. With two men on, and two men down, Al Ethier grounded out to the 3b, and the game was over.

Am Legion Gets Lumps

The American Legion team is getting its lumps this year, but they're really not as bad as it seems. They have had a couple of bad breaks, and Ralph LePore and Al MacMullin haven't had time to get their bats really warmed up.

We have been expecting a lot of Al mac, and one of these days he will reward us.

The Stingers, let it be said, defeated the Legion 25-5 on Tuesday, thus moving up to a four-way tie for second place.

PolyChems Down Again

The Methodist Conquerors moved out of a three way tie for the cellar, last week, by defeating the National Polychemicals 9 to 6, on Wednesday. It wasn't difficult, Bob Smith, the coach avers. He just had to flash a sliderule at the Polychemical team, and they were completely confused.

Wildcats Lose, Then Win

Our Pony League Wildcats ran into a team they couldn't beat Saturday afternoon for the first time this season. The Reading Y's Men stopped them 4-1 behind the pitching of Peter Strassell.

The Wildcats started off the first inning with a bang as three straight singles netted them their lone score, but hits were scarce and runs were even scarcer from that time on as Strassell seemed to get stronger. Only Jim Melzar solved Strassell's deliveries as he collected two singles and scored the only Wilmington run.

Outridge in 2-Hitter

Monday night was another tale as the Wildcats topped the Reading AFM club 6-1 to run their season's record to five victories against one defeat. The game was in doubt and tied 1-1 until the last of the 6th inning when the home team was able to load the bases with only one out. Three straight successful squeeze plays and a catcher's overthrow of third base brought in five runs before Reading could get the side out. Ronnie Outridge limited the Reading team to two singles and struck out five en route to his first win.

AVCO Yankees Keep Lead

Those AVCO Yankees keep rolling along in the Wilmington Little League. Victories over the Unit Packet Tigers and the Cain Red Sox along with an 8-3 loss to the Chisholm Indians during the week left the AVCO club a game-and-a-half ahead of the Indians in the race for the league championship.

A clutch run in the last half of the sixth inning decided the 7-6 game over the Tigers and Cory Coombs on Wednesday while Manager Toti's boys took a different route in pounding out a 13-3 win over the Red Sox team Monday night.

Pete Emery checked the Yanks Tuesday night to keep his Indian team-mates in range for a possible shot at the league leadership later on. Randy Walden and Duke Garland were the Yankee pitchers who took the loss.

Joe Tennehan, Jr., who has become the Billy Goodman of the Cain Red Sox, Turned pitcher for one game vs the Indians last Thursday - just in time to shut them out, 4-0. This is how the teams stood after Tuesday's game.

	W	L	Pct
Yankees	8	3	.727
Indians	6	4	.600
Red Sox	5	5	.500
Tigers	2	9	.182

GRADUATES FROM NORTHEASTERN UNIVERSITY

Six men from Wilmington have completed courses at Northeastern University.

Leo R. Campbell, Jr., 4 Pilling Road and George T H Smith 284 Shawshen Avenue, both bachelor of business administration in engineering and management; and Robert W. Ritchie, 16 Columbia Street, bachelor of business administration in management; all from the Evening School of Business.

Donald Atkinson, 29 Glen Road associate in engineering (civil) from the Lincoln Institute, and also a bachelor of business administration in engineering and management from the Evening School of Business.

Albert J. Kelley, 48 Aldrich Road, associate in engineering (electronic); and Robert P. Senfleben, 73 Nichols Street, associate in engineering (mechanical); both from the Lincoln Institute.

CARD OF THANKS

The family of the late Mrs. Mary Jane Chisholm wish to extend their sincere thanks and gratitude for the many kindnesses shown them during their recent bereavement.

Mary Chisholm Ethier

OFFICE AT SILVER LAKE HARDWARE

Gravel Pits (fr Fr Pg)

hearing is a complete nullity' he said.

The Dunn land, 53 acres, is a part of an adjacent lot in No. Reading. In North Reading the Dunn's now have an injunction against the removal of gravel and earth products from their land. The suit has not been settled, he told the Board, and 'before any action can be taken here, this suit should first be settled - this is aside from any alleged authorization by my clients'.

Selectman Nick De Felice told the Board that the North Reading Selectmen had told him substantially the same thing about the Dunn property in that town.

Chairman Walter Hale. 'I am asking point blank: Does Dunn want a temporary permit for gravel removal?'

McDuffy: I think that is a matter for the court to decide.

Sheppard: We have had an agreement -

Hale: Can you produce it?

Sheppard: There is a working agreement - I don't have it with me.

McDuffy: I ask that this hearing be concluded.

Courtney's Bombshell

Joseph Courtney, one of the spectators, then threw a bombshell, figuratively speaking. Pointing out that all three 'temporary permits' he pointed out that under Section VI-2 of the town's Zoning Laws, not only must a full bond be required, but a deed must be made out for the property, to the Town of Wilmington, as a surety.

'I wonder what the legal representation is; if this gentleman is able to file a deed?'

Understatement of the Year

Hale: I think this is getting kind of complicated.

SHEPPARD

To the left is Steve Hathaway

Sheppard: I filed in court a stipulation, signed by your counsel, which agrees that we will give due notice, and conform to the laws, and that we conduct these hearings before the Board of Appeals. I don't think I should be summarily tossed out when I am appearing and proceeding according to my stipulated position. I ask that this case be not summarily dismissed.

Selectman Hagerty: When the owner isn't interested I think the hearing should be called off.

Hale: I am going to hear Atty Sheppard - I am not going to dismiss this yet.

Sheppard: I want to send you a copy of the agreement.

Hale: I want it.

Rene LaRivee: It doesn't make any difference to the residents whether or not this is permanent or temporary. Does Mr. Sheppard also have a photo of the Dias property, and the property adjacent to the North Reading line. Let him show those.

McDuffy: The agreement is so ambiguous I don't think it will hold in court.

Danny Gillis (Chairman of the Planning Board) The Planning Board has a set of regulations for the removal of gravel. They have been definitely avoided and voided by the gravel merchants, with silken words, and much loving care.

We had to go to the General Court to help ourselves. I do not believe in giving way. I will not at any time be meek. I will be firm.

Courtney: Are there any plans here, showing grades and cross sections?

Hale: Not that I know of.

Courtney: Isn't it customary to receive a plan? Did you get one for the Baldwin Pit?

Hale: We have not yet received any plans on time.

Courtney: The abutters and interested parties have a right to see what is proposed. I suggest that the Board of Appeals, before it take any action, have another public hearing so that the interested parties can see the proposed layout.

Hale: How soon can we have a contour plan?

Sheppard: I have none ready. We are willing to put up bond. To be frank about this thing - we have had a general complaint from your counsel that they didn't like the way we went in to land, and then had a court battle afterwards - we are down here to have an understanding, without having to fight.

On the Smith and Dias property - you took a stand - but the court found in our favor. We could have dug lower than the grade, after that - but we didn't. We are trying to improve things - we are not trying to make enemies. We have a contract, and we have to finish that contract.

You may close all the doors on us - every town and city in Massachusetts might - we may have to go to New Hampshire for our gravel - but I ask you how is the State of Massachusetts going to have any construction at all without a source of gravel?

I am trying to make amicable agreements.

Hale: How soon can you give me a contour plan?

Sheppard: Next Wednesday.

Hale: The hearing is continued for one week.

McDuffy asked for two weeks - he would be busy next week.

Hale: June 23, 8 pm.

The Mastermarino Case

At 9:25 Hale called for the hearing on the proposed pit at the Mastermarino property, agreed to, tentatively, by the Selectmen. The Mastermarino pit had been closed by injunction, about a year ago, after operations had started there.

Sheppard: I understand that the Selectmen and Mr Campanelli have agreed to this. We will have the right to remove fill, on carefully restricted plans. The suggestion is that we work from the top - taking layers of 10 or 15 feet at a time, and if we come to ledge we will carefully grade and slope it.

In plain language, I know that this is good land for development, and we don't want to spoil it. What you people asked us to do before - it was before I was in this - was to buy a pig in the poke - 'if you want it you can have it - but you have to remove all the ledge'. We couldn't buy anything like that!

Hagerty: We discussed this Monday night (at the Selectmen's Meeting). I want to register heavily my disapproval of any soil removal other than in accordance with that plan!

Hale: If we should grant approval - what good will it do with that injunction in force?

Sheppard: Any judge will lift an injunction if both sides agree.

Courtney's Second Bomb

Courtney: I live fairly close to that area. I have several observations to make.

First: The presentation has been very charming. The nicest example of an iron fist in a velvet glove. My heart bleeds for Campanelli & Cardi. According to my knowledge Campanelli & Cardi did not make any attempt to find out the Zoning Regulations of Wilmington.

They tell us that they could not buy pits ahead of time. They could have found out about our laws. Other contractors did, and they bid higher than did Campanelli & Cardi.

Some of the implications stated tonight can be phrased another way - blackmail!

The Town of Wilmington is like occupied territory. People have been shown a general disregard of both the town and its people!

Death Trap

We have a death trap in that Hathaway Pit; it will be a curse on this town until the day it is filled in.

Gravel is a resource which is scarce in Wilmington. It should be conserved for the essential needs of Wilmington. We have swamps, we have rocks, we don't have much gravel. One of our latest buildings in town required an awful lot of fill - we can't do that very much if we use the fill for other purposes. We are going to need a lot of fill for our industrial development!

Trucks

I hear a lot about what Campanelli & Cardi are doing for the town. May I ask - where are their trucks and equipment registered?

18 Months

18 Months ago Campanelli & Cardi proposed to remove fill from the Mastermarino and adjoining properties. The suggestions made by the Town Officials still stand - the removal of ledge, and the sloping of the land towards Woburn street, plus the leaving of enough material there for any industry that might want to build, plus the restoration of damage already done!

I submit that it is in the interest of the Town of Wilmington to turn down this appeal!

I submit that the owners of the property will not meet the inescapable provisions of the Zoning By Law!

The citizens of this town went to great lengths to get a bill through the legislature to protect the town. We now have that protection. Why must we surrender it to this irresponsible proposal?

Atty Stanley Rockettenetz, of Woburn: My mother is the owner of land near this site. This will tend to make it a swamp. If there is to be any development, let it be for the Town of Wilmington.

I oppose this petition.

John and Thomas Lyons: We are abutters - we oppose.

Hagerty: Every operation has to be on land adjacent to the highway. I would like to point out that they have never applied for other sites in town, or in nearby towns. We might possibly have places where soil removal would improve instead of otherwise!

Sheppard: Nobody is trying to think in terms of the velvet glove. When a job is bid we have many bidders. The contractors are forced to rely on the individual landowners, or else on the so-called gravel merchants. It is not practical to buy land ahead of time.

I don't know about any blackmail.

You point out that we always want to get the gravel beside the road, yet when we have to haul it over your roads, from a distance there is a protest on that too!

The best example and proof that the people aren't worried is that they aren't here tonight. I don't know how many thousands of people you have in Wilmington, but there are not many in this hall at this moment to object. Please, gentlemen, we have to come in here and ask for a hearing -

LaRivee: Consideration? Trucks overloaded - trucks going through the traffic lights! By one of your men I was called a Communist!

Treat us right and we'll treat you right!

Calabrese: The people in this town repose confidence in the town officials.

Sheppard: If I insisted only legal rights we would be in digging, instead of in here tonight.

De Felice: Only reason the people aren't here is because they have respect for our By-Law, and they expect us to enforce it.

Hale: It is the feeling of the Board of Appeals that this hearing is so much against this proposal that we have voted unanimously against it.

Appeal Denied!

**METHODISTS BEGIN HOUR OF
FAMILY WORSHIP**

The Commission on Worship and the Commission on Education of the Wilmington Methodist Church announce the summer program for the Church family. Pre-school children will meet with their teachers in the Educational Building where the regular classes will continue. Children of grades 1, 2, and 3 will worship with their families for the first part of the service in the church. Mr Mc-

Farland will give a children's sermon and they will adjourn to the fellowship hall for their classes while the adults and older children continue worshipping in the sanctuary. For the remainder of June, the time of worship will continue to be 10:30 a.m. During the months of July and August services will be held at 9:30 a.m.

THE CLASS OF 1959
The Class of 1959, Stepping Stones Kindergarten, after receiving their diplomas. V3

STEPPING STONES GRADUATION

A large gathering of parents and guests attended graduation exercises at Stepping Stones Kindergarten on June 9th.

Those receiving diplomas in the pre-primary group were: Pamela Bacon, Janet Driscoll, Sandra Evans, Scott Ferguson, Brian Fitzmaurice, Patricia Gorman, Sandra Holloran, Clayton Mack, Kathy Ingalls, Jona-

than Hayward, Patricia Kelly, Edward Nichols, John Pierce, Scott Lester, Karin Bell, Gerald Pfau, Edward Gillespie, William Gallagher, and Elaine Burpee.

Those graduating into pre-primary are: Susanne Bates, Peggy McNamara, Lorraine Humphrey and Valerie Pierce.

Classes will resume at Stepping Stones on Sept. 14, 1959.

**PARK STREET ACRES ASSN.
HEARS SCHOOL PLANS**

A large turnout of the Park Street Acres Association, in the last meeting before the summer season heard Erwin Hanke and Joseph Courtney of the Permanent Building Committee speak of the plans of the proposed Routwell School.

EXPERT PISTOL SHOOTER

Erving S. Pfau, 314 Salem St. with some of the trophies he has won in pistol shooting matches.

Pfau, Research Director of the Charles River Laboratories took up pistol shooting about four years ago, and shoots in the Greater Poston Pistol League, as a member of the Mystic Valley Gun Club of Malden, Greater Poston Champions.

He is also a member of the Billerica Rod & Gun Club.

The pistol is a 22 caliber Hi-Standard Suprematic. Pfau also shoots with a K 38 Revolver, and a Colt 45 Automatic.

BOB McQUAID LIKED ATHENS BEST

Bob McQuaid, 7 Grove Avenue, is home, discharged from the Air Force last Monday. The 22 year old youth spent three years in Europe, while serving Uncle Sam, in France, Italy, England, Belgium, Luxembourg, Holland, Germany, Greece, Turkey, Jordan, Lebanon and Cyprus.

Robert was one of those fellows who had a lot of TDY, which is an Air Force and Army term for Temporary Duty. It was because of this that he traveled so much - three weeks here, and six weeks there. He was an Airman First Class, mechanic for the Flying Box-cars, and had to go across country to make repairs, etc.

Bob's observations about Europe can thus come from first hand observation - fleeting perhaps, but nevertheless wide spread.

Many of the Americans serving overseas didn't seem to realize that they were guests of the country. It was, perhaps, a careless attitude, he observes, but if more Americans had been able to talk with the Europeans in their own language Bob believes that there would have been better relations.

Bob liked Greece best. He was stationed 6 miles from Athens in a rocky territory, on top of a hill. He could just barely see the Acropolis, from his station. He, of course, visited, saw the Parthenon, and the recently rebuilt Agora, or market place.

The swimming, he says, was wonderful - nice beaches, nice people. Greece is the country he would rather live in, if he couldn't live in the USA.

Bob was called over to Jordan and Lebanon, during the crisis there, last September. He only served a few days in these countries, and then was transferred to Cyprus, where he had to sleep in a tent. Cyprus didn't impress him - he was near Nicosia. It was just too hot, and there was nothing to do.

GIGANTIC BRIDGE-WHIST TO BENEFIT ST. AGNES CHURCH FAIR

The grand kick-off Benefit for the annual St. Agnes Fair and Festival takes place Monday evening, June 22 in Saint Agnes School Auditorium Woburn Street, Reading at 8 p.m. Arrangements for the huge bridge and whist will be under the direction of CDA Grand Regent, Miss Margaret Galvin and co-chairman Mrs Francis J. Smith.

Among the hundreds of prizes will be collector's rare items, electrical appliances, bedding, linens, china, silver, cooking utensils, full course dinner baskets, quantities of fuel oil, lamps, etc.

A food sale of delectable home baked delicacies will be featured under the direction of culinary expert, Rose Marchetti, who will display her unique assortment of life-like doll cakes and accompanying accessories for milady's boudoir, entirely fashioned of cake and decorated frosting designs. There will also be a delicious assortment of brownies, pies, party cakes, hot breads, cookies, etc.

TOWN OF WILMINGTON MASSACHUSETTS

THE COMMONWEALTH OF MASSACHUSETTS

Office of the Town Collector
Wilmington, June 18, 1959

To the owners of the herein-after described parcels of land situated in Wilmington, County of Middlesex and Commonwealth of Massachusetts and to all others concerned. You are hereby notified that on Monday, the sixth of July 1959 at 10 o'clock A.M., D.S.T., pursuant to the provisions of General Laws (Ter. Ed.) Chapter 60, Sec. 53, as amended, and by virtue of the authority vested in me as Town Collector, it is my intention to take for the Town of Wilmington, the following parcels of land for non payment, after demand of the taxes thereon, with interest and all incidental expenses and costs to the date of taking, or any unpaid balance thereof, unless the same shall have been paid before that date.

AMARO, MANUEL R. (7-83) Parcel No. 1. About three acres of land, Taft Road, Lots 295-301 and 319-325, inc., Wilmington Gardens Plan. Tax of 1956. . . . \$11.60 (50-57) Parcel No. 2. TOWN OF WILMINGTON BOARD OF APPEALS PUBLIC HEARING

A public hearing will be held in the Town Hall on Thursday, June 25, 1959 at 8:00 p.m. on the request of Samuel A. Leone, of 142 Church St., for a variance in the zoning laws to allow a funeral home to be established at the above address. Walter L. Hale, Jr., Chmn

TOWN OF WILMINGTON PLANNING BOARD PUBLIC HEARING

Notice is hereby given that the Planning Board will hold a series of Public Hearings, in the Town Hall, on June 18, relative to zoning articles in warrant for the Special Town Meeting of June 22, 1959. At 8:00 pm.

ARTICLE: To see if the town will vote to amend the Zoning By-Laws and map, by changing

from Single Residence A. to General Business District, the following sections of land in the southern section of Wilmington bounded by New Main street for Six hundred fifty two feet. (652) and by Old Main street, for Seven hundred seventy four feet. (774) Appr. 1.9 Acres as shown on plan or do anything in relation thereto.

At 8:10 pm.

ARTICLE: To see if the Town will vote to amend Section VII-1 of its Zoning By-Law by striking out the first sentence thereof and inserting in place thereof the following: "No soil, loam, sand or gravel shall be removed from any parcel of land not in public use even though such land was being used for such purposes at the time of the adoption of this provision" or do anything in relation thereto.

At 8:20 pm.

ARTICLE: To see if the Town will vote to amend the Zoning By-Law and Map by changing from Industrial to General Business District the following described parcel of land: Beginning at the intersection of Main Street and Bridge Lane thence along Bridge Lane North 35° 33' 58" East 98.00 feet, thence North 74° 24' 04" East 422.15 feet, thence North 53° 55' 05" East 281.36 feet to the Boston and Maine Railroad, thence South 27° 23' 57" East 1,752 feet more or less along the Boston and Maine Railroad to Shawshen Avenue, thence Southwest 92 feet more or less to the center line of Main Street, thence 1,916 feet more or less along Main Street to the point of beginning, or do anything in relation there to.

A. Daniel Gillis, Chmn.
Wilmington Planning Board
